

# DATA SHEET

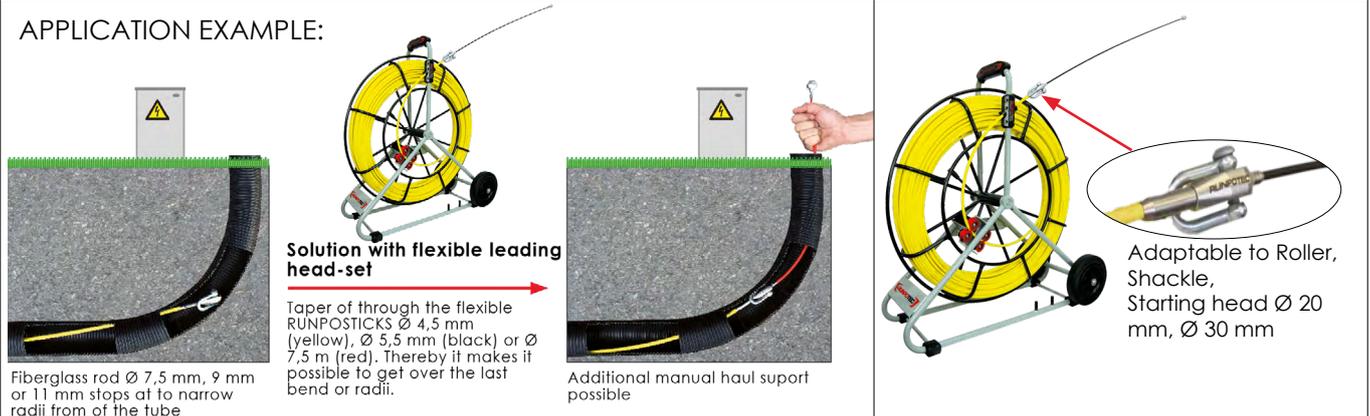

## FLEXIBLE LEADING HEAD SET - 13-PIECE

flexible guide tip - to get around narrow bends

Item no.: **20442**

### APPLICATION EXAMPLE:

### DATA

ITEM NO.	<b>20442</b>
THREAD	RUNPOTEC RTG Ø 6 mm
DIMENSION	L 1005 x B 110 x H 35 mm
WEIGHT	0,63 kg
MATERIAL	Basalt rod with PP sheath
EAN-Code	9120045474718

### ADVANTAGES

- ✓ Using the RUNPOSTICKS, a flexible guide tip is created so that tighter bends can be overcome without any problems
- ✓ Plastic-coated
- ✓ Extreme bending radius
- ✓ incl. roller Ø 25 mm and slim guide head Ø 20 mm
- ✓ Practical storage bag

### DESCRIPTION

The use of the RUNPOSTICKS creates a flexible guide tip, which allows tighter bends to be overcome without any problems.

The rods can each be extended by 1 m and can be adapted as softer guide probes to glass fibre rods Ø 7.5 mm, Ø 9 mm and also Ø 11 mm. In addition, it is also possible to screw on accessories at the tip, such as rollers or RUNPOGLEITER with twist compensation.

**Scope of delivery:** Reel guide probe set - RUNPOSTICKS 13-piece consisting of: 2 x RUNPOSTICKS yellow Ø 4.5 mm (soft), 2 x RUNPOSTICKS black Ø 5.5 mm (medium), 2 x RUNPOSTICKS red Ø 7.5 mm (hard), 1 x RUNPOGLEITER with front thread, 1 x roller Ø 25 mm, 3 x connecting thread, 1 x blind screw, 1 x starting bulb Ø 20 mm, 1 x storage bag
